- [Monitoring and review](#)

Please note: this plan has been created in line with the latest government advice regarding contingency planning as set out in the DfE's '[Contingency framework: education and childcare settings](#)' and '[Schools coronavirus \(COVID-19\) operational guidance](#)' documents. The government has made it a national priority that education and childcare settings should continue to stay open as much as possible during the coronavirus (COVID-19) pandemic. Any restrictions on education would only be as a last resort and should only be initiated following a ministerial decision on a case-by-case basis.

We will ensure this plan is updated in line with national government guidelines regarding the operation of schools during local lockdowns.

The aim of this plan

If our local area sees an extremely high prevalence of coronavirus (COVID-19) infection rates and existing measures in our community have failed to reduce this, the appropriate authorities will decide which additional measures to implement to help contain the spread. These measures may involve implementing a number of restrictions, which could include the partial closure of schools and childcare settings in our area. Measures may also be necessary to help minimise the impact from new coronavirus variants.

This document outlines how the school will operate if further restrictions are implemented. The school will work closely with the local health protection team (HPT) and implement provisions as advised by the team. This framework is separate to the processes in place for managing outbreaks and operational challenges.

This is a live document that will be reviewed by the headteacher, in conjunction with other key stakeholders, as and when the situation develops.

Restrictions to attendance

The government has advised that all schools should continue to operate as normal and that all pupils should attend school unless required to self-isolate.

The contingency framework is designed to act as a containment measure where:

- There is extremely high prevalence of coronavirus.
- Other measures have already been implemented.
- There is a need to minimise the impact from a new coronavirus variant.

Restrictive measures, of the kind set out in the contingency framework, must not be implemented by schools without the explicit agreement of the DfE.

Restricting attendance in any form will only be used as a last resort, initiated following a ministerial decision. Where restrictions to attendance are implemented following government advice, they will be kept to a minimum, allowing for the maximum number of pupils to attend education; however, in all circumstances, priority will be given to vulnerable pupils and the children of critical workers to attend full time.

Unless advised otherwise, the school will allow all pupils to attend. If the contingency framework is implemented, the school will only allow the following pupils to attend on-site provision:

- Vulnerable pupils
- Children of critical workers
- Pupils in Reception and Years 1 and 2, where advised by the DfE

High-quality remote education will be provided for all pupils not in attendance, in line with the Pupil Remote Learning Policy.

The school will lift restrictions as soon as it is advised by the government that it is appropriate to do so.

Infection prevention and control

The school's Infection Control Policy will continue to be adhered to – this policy meets the requirements set out in the DfE's system of controls.

Any member of the school community who displays symptoms of coronavirus will be required to self-isolate and encouraged to get a test. Tests can be booked online or ordered by telephone via NHS 119. Critical workers, including school staff, have priority access to testing.

All schools are currently being provided with rapid-result testing kits to identify asymptomatic cases of coronavirus. Full arrangements for delivering rapid-result testing can be found in our Coronavirus (COVID-19): Asymptomatic Testing Policy.

If a variant of coronavirus classed as a variant of concern (VoC) is identified within the school's geographical area, the school will partake in targeted testing by the Department of Health and Social Care (DHSC) to help suppress and control any possible new cases. The school will

also adhere to advice from Directors of Public Health in relation to the temporary reintroduction of face coverings.

If a pupil develops symptoms of coronavirus while on site, they will be taken to a designated isolation area while they wait to be collected. If required, the pupil will be supervised while they await collection. If the supervising member of staff is unable to maintain social distancing, e.g. due to the pupil's age or needs, they will wear PPE. After the pupil has left the premises, any areas they were in will be cleaned. The pupil's parents will be encouraged to get their child tested as soon as possible. The pupil will be required to self-isolate for at least 10 days – remote education will be arranged for them immediately.

If a staff member develops symptoms while on site, they will be directed to go home to self-isolate and to get a test. Cover arrangements will be put in place.

Any staff members or pupils who have been in close contact with a symptomatic individual do not need to self-isolate unless they develop symptoms themselves or the individual subsequently tests positive.

If an individual tests positive, the school will contact the Bolton Public Health Team (SPOC) on 336004 or email covid19contacttracing@bolton.gov.uk

SPOC – Monday – Friday 830-5.30, Sat, Sun 9.00-1.30

We will confirm case details to Bolton SPOC team by completing the e-form for each positive case. The form will automatically be sent to the spoc team - 336004.

<https://forms.office.com/r/5tKrxsXKtr>

The individual's close contacts at school will be sent home to self-isolate for 10 days and encouraged to get a test. If more individuals test positive, the school will follow advice from the local HPT, which may include requiring more people to self-isolate.

School will link up with cluster links for support / escalate queries if necessary at Tanya.Johnson@bolton.gov.uk

If necessary contact Social Care - Duty team numbers are 01204 331500 in office hours and 01204 337777 out of office hours.

Transport

Pupils and staff attending school will be encouraged to walk or cycle wherever possible and to avoid public transport. If pupils and staff need to use public transport, they will be reminded that those over the age of 11 are required to wear a face covering while travelling.

Teaching and learning

If restrictions to on-site education are required, the school will offer immediate access to high-quality remote education for all pupils who are required to remain at home. All remote learning will be delivered in line with the school's Pupil Remote Learning Policy.

The school will use a range of teaching methods to cater for all different learning styles.

Teachers will ensure lessons are suitable to the class group's age and ability, inclusive for all pupils, and will be adapted, where necessary, to account for the needs of disadvantaged pupils and pupils with SEND.

When teaching pupils who are working remotely, teachers will:

- Set assignments so that pupils have meaningful and ambitious work each day.
- Deliver a planned, coherent and well-sequenced curriculum which allows skills to be built incrementally.
- Provide frequent, clear explanations of new content through high-quality curriculum resources, including through educational videos.
- Assess progress by using questions and other suitable tasks and use assessment to ensure teaching is responsive to pupils' needs and addresses any critical gaps in pupils' knowledge.
- Adjust the pace or difficulty of what is being taught in response to questions or assessments, including, where necessary, revising material or simplifying explanations to ensure pupils' understanding.
- Provide opportunities for interactivity, e.g. questioning and reflective discussion.
- Provide scaffolded practice and opportunities to apply new knowledge.
- Enable pupils to receive timely and frequent feedback on how to progress, using digitally-facilitated or whole-class feedback where appropriate.
- Plan a programme that is of equivalent length to the core teaching pupils would receive in school, ideally including daily contact with teachers.

In exceptional circumstances, the school may reduce its curriculum offering to enable pupils to cope with the workload – the headteacher will assess this need, keeping pupils' best interests in mind, and will not take the decision lightly.

Children Y1-Y6 will be taught remotely, 'live lessons' delivered through Google Classroom and the Purple Mash app. These will start at 9.15 and the morning sessions will deliver RE, English and Maths with the afternoon sessions 1.15pm until 3pm used for all other subjects. All children will have access to login details and if there are any issues parents can contact the school office who will support.

Children in Reception Class will be taught via 'Tapestry' activities, with regular Google Meet sessions.

Teachers will continue to make use of formative assessments throughout the academic year.

The school will utilise the support available through the DfE's ['Get help with technology during coronavirus \(COVID-19\)'](#) scheme. Under the scheme, the school can order laptops, tablets and 4G wireless routers to support the following groups of pupils if they do not have access to a digital device or the internet through other means:

Before distributing devices, the school will ensure:

- The devices are set up to access remote education.
- Appropriate safeguarding controls and support are in place to help pupils and their families use the devices safely.

Once devices are ready for collection, the school will either arrange for them to be collected by families from school or delivered to pupils' homes, ensuring infection control measures are adhered to as part of this process.

Returning to school

The headteacher will work with the LA to ensure pupils only return to school when it is safe for them to do so. Prior to the return of more pupils and staff, all relevant risk assessments will be reviewed.

After a period of self-isolation, or the relaxation of restrictions, the headteacher will inform parents when their child will return to school.

The headteacher will listen to all concerns that parents may have about their child returning to school and will advise them of the measures in place to ensure the safety of their child.

Safeguarding

Ensuring safeguarding arrangements remain effective during periods of restricted attendance is a key priority. Our Child Protection and Safeguarding Policy has been updated to include provisions for keeping pupils safe during the coronavirus pandemic, both at home and in school – we will continue to follow these procedures for pupils who remain at home, where appropriate, until all pupils are able to return to school.

We will continue to ensure that:

- The best interests of pupils always come first.
- If anyone in the school has a safeguarding concern about a pupil, they act immediately.
- A DSL or deputy DSL is always available.
- Unsuitable individuals are not permitted to work with pupils or come into contact with pupils whilst on site.
- Pupils who remain at home are protected when they are online.

A trained DSL or deputy will remain on-site where possible. Where this is not possible, e.g. they are required to self-isolate, the school will ensure that the DSL or deputy, or a DSL or deputy from another school, are available to contact at all times. In addition, the headteacher will take responsibility for coordinating safeguarding on-site during this time.

Wraparound care

The school's wraparound care (both indoor and outdoor provision) will be provided to all pupils; however, where restrictions are required, wraparound care will only be provided on-site to pupils who are eligible to attend school full time.

Food provision

We will provide meal options for all pupils who are attending school.

We will provide FSM or food parcels to eligible pupils who are not attending school, where they:

- Are self-isolating.
- Have had symptoms or have tested positive.
- Are a close contact of someone who has coronavirus.
- Are not attending due to the implementation of local restrictions advised by the government.

The school catering team will work with our food providers to prepare meals or food parcels, for collection or delivery, to eligible children during their time at home.

Communication

The school will communicate its plan for addressing any imposed restrictions with parents, including in relation to:

- Opening arrangements.
- Access for specific targeted groups where applicable, such as certain year groups, vulnerable pupils and children of critical workers.
- Any reviews of the school's protective measures as part of our risk assessments.
- The arrangements for remote working.

All relevant stakeholders will be kept up-to-date with the circumstances of any imposed restrictions and how these affect the school as the situation develops.

If any member of the school community wishes to discuss any concerns relating to the school's provision during this period, they should contact the following as appropriate:

- Staff – the head teacher
- Pupils – their class teacher or member of pastoral staff
- Parents – the head teacher

Monitoring and review

This plan will be reviewed continually, by the headteacher, in line with guidance from the government and Public Health England (PHE).

Any changes to the plan will be communicated to all relevant stakeholders
