March 2026

Dear Parent/Carer,

**YEAR 4
DESIGN A LIGHT UP KEYRING**

This half-term, our topic in Design and Technology in Year 4 is **3D models (Light Box)**
Aspect – Structures/Electrical Systems.

The children will have the opportunity to design and create their own light up re-chargeable keyring which can also be used as a bookbag tag. They will create a prototype using electrical circuits and made from a design of their choice. We will then work with a professional light maker to finalise their design and create a working illuminated keyring.

This exciting project does come at a cost, we are asking for a voluntary contribution from parents of £5. These keyrings change colour and come with USB charger. This is an amazing opportunity for children to see their design turned into a real, working and professionally finished product.

Please make your payment online via www.scopay.com. You can download the SCOPAY App on the App Store or Google Play. Login with the same details you use to pay dinners and/or snack. Please use this every time you need to make any payments online.

If you have a question regarding your SCOPAY account, see the SCOPAY Parent Information Page at help.scopay.com, or contact the school office.

Yours sincerely,

Lisa Lally

Miss L Lally
